

# A + BEE

## Hi sugar cookies!

Welcome to Issue 29 of the A+ Bee! I hope your October is going fantastically and that you have your costume for Halloween all sorted if you're into that sort of thing. This issue is here to get you into the spooky spirit with more Halloween haunts than the Haunted Mansion and ABC Family's 13 Nights of Halloween combined.

## Tarot for the Fortnight

by Beth

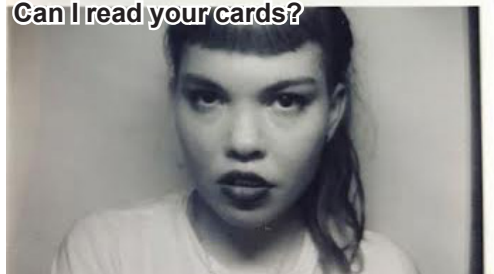

Come back to your centre. Your very centre. What makes you \*you\*? Be 100% honest with yourself - this isn't about what you want to project, but who you truly are on an elemental level.

Acknowledge and celebrate this burning flame of truth. Let this be your guide. Let its light - your light - show you the path out of your current confusion.

**Cincy Straddlers:**  
 The Cincy Straddlers just held a Clue-themed party! Everyone came dressed as a fabulous version of the original colored characters - Peacock and Plum proving to be most popular at four humans each, and a lonely Mr. Green upholding her title. We played a few rousing games and I seem to

remember the Colonel's Mustard solving the case... hard to recall exactly when you're a few cups of alcoholic punch in and people keep threatening you with a fake revolver. We took a lot of photos in our photobooth with our prop weapons and finished it out with a viewing of the delightful 1985 film in which we learned how it really happened (communism was just a red herring).
