

## Back To The Queer Future #2: Dapper Style Dilemma

One way you may want to solve this puzzle is using a **logic grid**, such as this:

	White	Black	Gold	Ethel Black	Harry White	Alberta Gold	Chair	Shelf	Closet
Top Hat									
Tuxedo									
Trousers									
Chair									
Shelf									
Closet									
Ethel Black									
Harry White									
Alberta Gold									

Mark an **O** in each square where items are linked, and a **X** in each square where items cannot be linked, to help you eliminate possibilities.
